As we wander down the path
of life, we look back and think of
the memories . . .

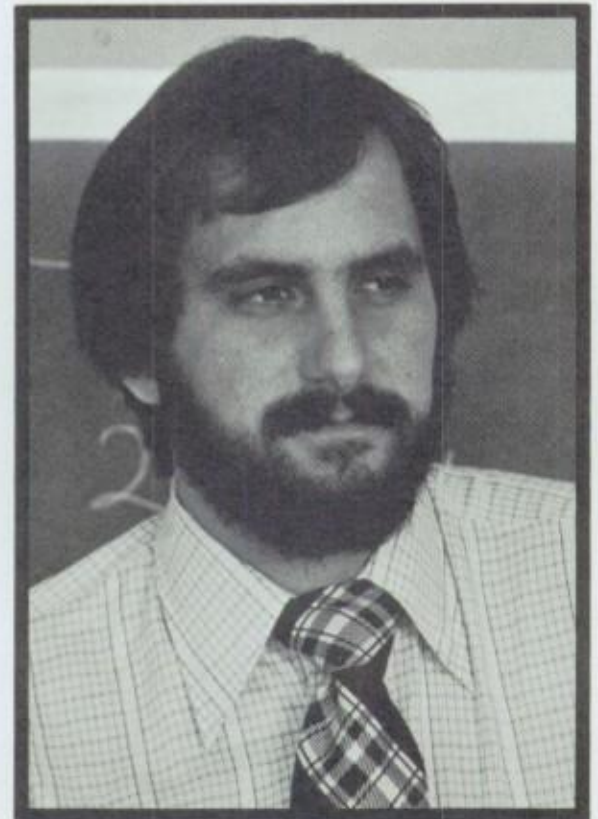

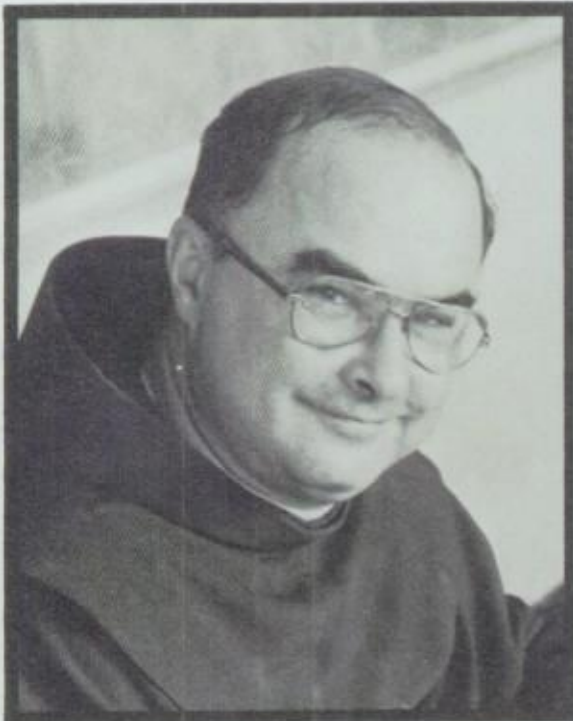

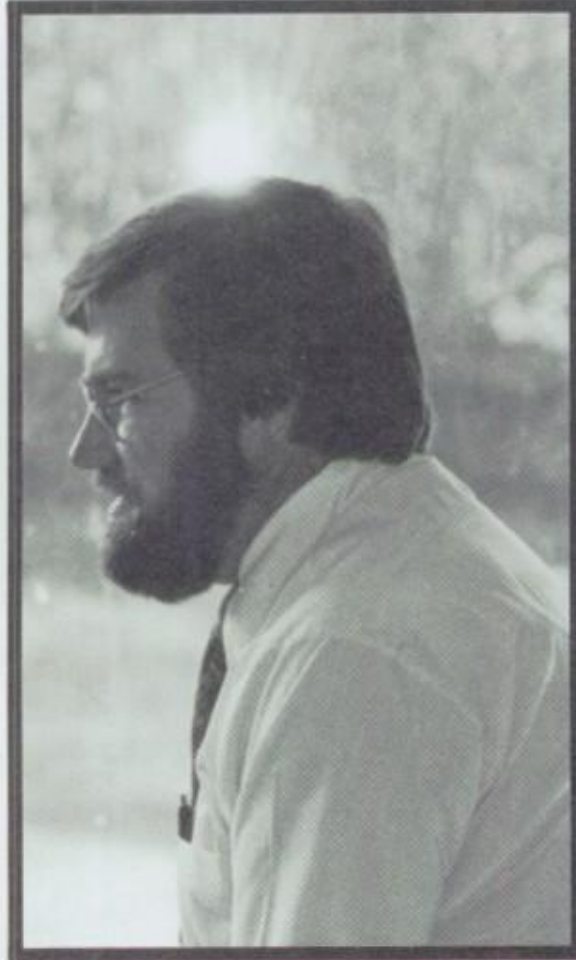

we look ahead to what is coming

but we think of where we are now, for that is most important!

FACULTY

FACULTY

Mr. George Milot has been principal of Stang since 1973, but he joined the Stang family in 1966. For a number of years, Mr. Milot coached the football team, resigning at the close of the '77 season. His outside interests include all sports. Mr. Milot feels that the best thing about Stang is the great people (students, teachers, parents, and friends) who are involved in the school.

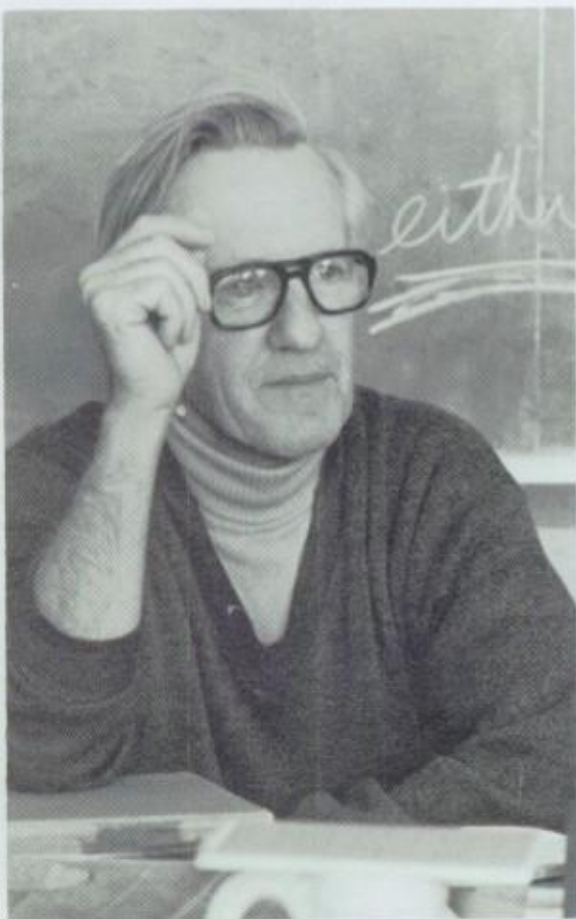

Mr. Robert Zukowski is in his fifth year as assistant principal, but he originally came to Stang in 1970. Besides his administrative duties, Mr. Z also teaches History Now and Then and Viewpoints in American History. Reading, cooking, and being with his wife and two daughters are among his favorite outside interests. Coaching the soccer team also absorbs much of Mr. Z's free time. Stang's best feature, according to Mr. Z: "The vast majority of students are a pleasure to work with and they understand why Stang is 'different.' It's a nice feeling to walk down the corridors and see so many smiling faces and be greeted with a sincere 'hello!'"

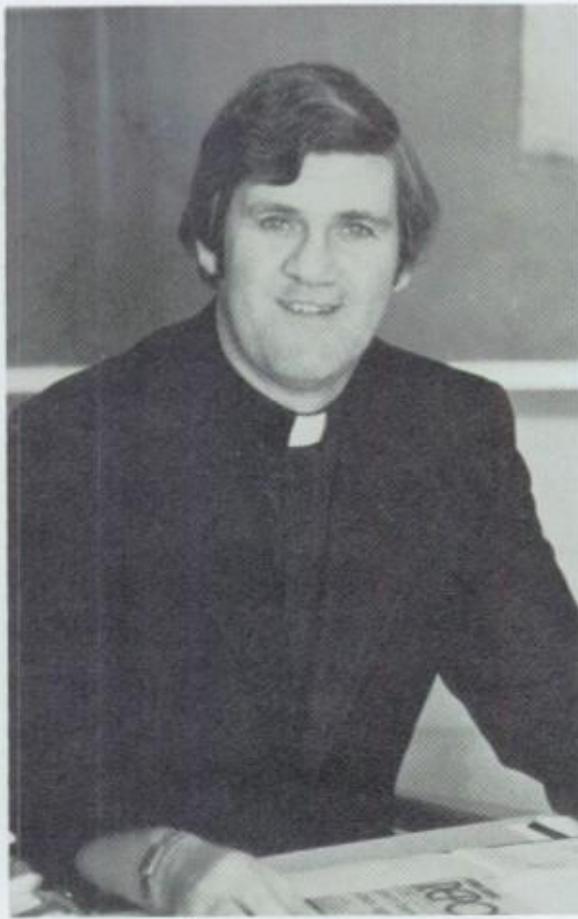

A **Mr. John O'Brien** is the "oldest" of the Stang faculty, arriving here in 1959. He is best known for his mighty roar and his gourmet cooking. Directing the athletic program at Stang takes much of Mr. O'Brien's time throughout the year, while coaching basketball is his speciality.

B **Rev. John J. Steakem**, chaplain at Stang for seven years, is also a parish priest at our neighboring St. Julie's. Among his various duties, Father teaches religion to Juniors and Seniors. Golf and a U.S. Presidential collection are Father's hobbies. He says, "The greatest satisfaction I have in working with high school students is the fulfilling of my ministry as a priest by teaching and guiding."

C **Mr. James McNamee** is spending his first year as head of the guidance department, but he first came to Stang in 1974. His other duties include the teaching of Marriage and coaching boys' tennis. Mr. Mac has also been the advisor for the debate team. Outside of the Stang arena, Mr. Mac enjoys reading, especially historical novels, and gardening. In this line he runs a "plant hospital" for his neighborhood. The best features about Stang for Mr. Mac are the creativity in the classroom and the personal contact with students.

JOY-ANN REILLY 1960-1977

Dear Joy and Chris,

How can we express the shock, the sadness, and the sorrow which overwhelmed us at your passing? How can we unburden our memories of the pain of your loss to us? In each of us who remain to grow older, to mature, to turn dreams into realities, there is a pride in having known you and a thankfulness for having been able to call you our friends. Our memories live on; you live on in us.

With much love,
Your friends

We, the Class of 1978 of Bishop Stang High School, dedicate this yearbook to our fellow classmates and friends, Joy and Chris. We do so, not understanding why they should have gone from among us in all their youth and vibrancy, but knowing that they have gained a new life in Christ. Although they shall not pass this way again, we know that they are part of us, their memories locked in our minds and hearts forever . . . To LIFE, our friends!

Bourque began her scoring spree by hitting a shot from behind her own backboard on an offensive rebound, one of many she and the Spartans pulled down in the game.

Center Debbie Higgins controlled the rebounds around the key, pulling down 27-18 more before the game.

At the end of the quarter, rallied behind three shots by Heidi Nown and finally hit Stang in check, pulling to 10, 36-26 at intermission.

CHRIST- MAS CONCERT

Our annual Christmas Concert featured an array of talent and surprises. Along with the fine selections by the band, led by Mr. Raignone, the audience was treated to old time favorites by both the Mixed Chorus and the All Girls Chorus under the direction of Mr. Machado. Special features were a solo by our own Fr. Cal, a magic act by Stang's magician-in-residence, Jon Stetson, a ballet number by Kim Parker and Jackie Paquin, "You Light Up My Life" by Dolly Rubbicco, and a sleighriding Santa Claus (alias Mr. Yeomans) and elves.

SENIOR PROM

MAY 4, 1978

VENUS de MILO

GRADUATION

MAY 31, 1978

IN RETROSPECT

Your Excellency, Bishop Cronin, Father Coleman, Mr. Milot, Members of the Clergy, Faculty, Parents, and Friends.

I begin by saying friends because I honestly feel that I can call all of you my friends. Though some of our friendships with one another are closer than others, on a whole we are a closer knit class than those of other area high schools. Today is the day of our final parting from this school, Bishop Stang. A place where many of us have shared the best and worst times of these past four years. We have had the chance to be together, but now it is our turn to move on, to re-expand, re-shape, re-design, the world out there . . . our world, that which is our future. We have been on a short journey, one which we have reached the end of. It is time to find a new path, one which will take us somewhere in life; and while we are searching, we must remember to stop, look, listen, and then choose a destiny for ourselves. Though we will encounter many new visions, hopes, dreams and friends on our way, we resolve never to forget those which are past. We will continuously recall memories of these high school years and oftentimes remembering them may play an important role in deciding our futures . . .

And this, our night of graduation, is just a night we have set aside to summarize all our feelings of the hours we spent here. Somehow, I feel that most of us can honestly say "There Is A Difference At Stang" and really mean it. High school is the point where we begin to form our own ideas on life and many long hours were spent in this building developing the persons we are right now. We should now be able to thank God for the special chance He gave us . . . the chance TO BE. We are grateful to our parents for caring enough to send us to this school, one which has a more than a devoted faculty where many of the hours spent by a number of them are unpaid. Do we really realize the time and effort that all these people have put into shaping us for the world beyond these walls? And have we taken a moment to thank them for it? Well today is the day we can use to express this thanks. It is also the one last time we have to thank one another.

Shortly, we will be leaving this gym with teary eyes, swelled hearts, and many, many dreams in our heads. But before we do, I'd like us all to pause and remember our two late classmates, Joy Reilly and Cristine Cormier, who left this gym with us on many occasions previous to this night, and who will be walking out with us one last time in spirit. They in turn are journeying a different path: one of eternity. Their rocky roads and rainy days have ended, and ours have just begun, but if we accept the sunshine and the warmth, we must also accept the thunder and the lightning. And life provides us with all of these. Now with our diplomas soon in hand, we have only just begun to witness the undefinable meaning of life. So I leave you with these comforting words from Kahlil Gibran:

When you part from your friend
you grieve not — for that which
you love most in him may be
clearer in his absence, as the
mountain to the climber is
clearer from the plain.

Tonight, we'd like to say a special Thank You to someone who has been a very important part of our lives here at Stang. His presence at games and concerts and all school functions — but most especially at our school Masses — showed his interest and loving concern for us. We, the Class of 1978, would like to say Good-Bye and Thank-You Father Steakem.

Michelle S. Carrier,
Class President
